CURRICULUM AT A GLANCE

Preschool 3/4 & Preschool 4/5

READING!

Our reading program is phonics-based. The students are taught all of the letters of the alphabet and the phonetic sounds that those letters represent. Besides learning the letters and phonetic sounds, we also teach the students how to read short words and sentences. We begin reading groups in the spring.

ARITHMETIC!

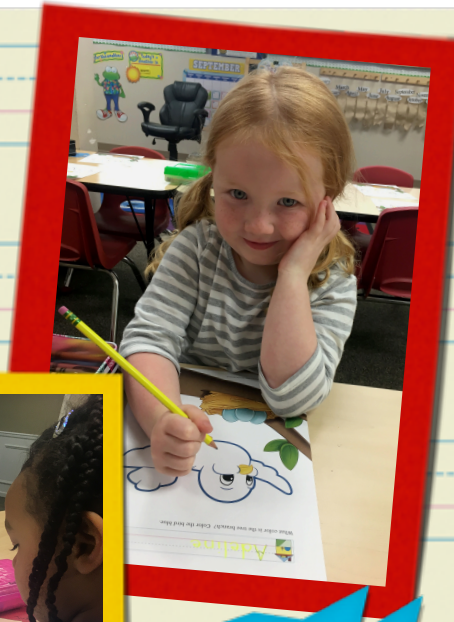

For the T/Thurs program, we teach number recognition and counting for the numbers 1-15 at a minimum. Some students learn to count to 50 and beyond. We also teach basic shapes, sorting, colors and the calendar. For the M-Th programs, we learn number recognition and counting for numbers 1-50 at a minimum. Some students count to 100 and beyond. We also continue to teach basic shapes, sorting, names of the months/days of the week, and beginning geography.

BIBLE!

We teach 20 minute Bible lessons each day which includes Bible memorization, singing, story/application, and prayer. Lessons focus on the major Bible characters and stories, such as Adam and Eve, Noah, Abraham, Isaac, Jacob, Moses, Daniel, the Life of Christ, the Apostle Paul, etc. Lessons may include crafts and projects. Bible verses are taught each week.

DEVELOPING CHARACTER!

We are committed to developing godliness of character and action in the lives of the students entrusted to our care. Each month we concentrate on a specific godly trait in the area of kindness, faithfulness, peace, joy, self-control, love, gentleness, patience, and goodness.
